

# Plant Growth

## Issues

### Building

Historic Building

unregulated building material

lead paint

### Windows

whindows do not open

build up of bacteria near window

lack of fresh air

build up of toxic gases

no oxygen

### Human Error

limited light

messed up rhythm cycle

not watering on time

dehydration

build-up of toxic gases

no oxygen

## Solutions

### testing building

test for

lead

asbestos

heavy metals

### water feeder

make one

cost of production

sensor for timing

timed motor

light sensor

### changing plant

try to grow other types of plants

cost of purchase

plant specifiction

-less daylight

-little water
